

Bible-based Literacy (BBL) in Thailand.

Greetings to you and joy and peace in the Lord Jesus Christ!

This is our first ministry report since Nancy and I have been appointed in October 2020, to Coordinate BBL programs in Thailand. BBL is a new Literacy Program under The Bible League Thailand (TBLT) and we are the first Coordinators to pioneer coordinating this program under The Bible League Thailand. Below is BBL first quota (November 2020 – January 2021) report.

FY20-21 BBL Teacher Training #1 Date: 02-03 Oct 2020

In October 2020, The Bible League Thailand (TBLT), facilitated a one and a half day (02 – 03 November 2020) BBL teacher training, which has been conducted by the master trainers from Malaysia via online. There were eight trainees including Paul and Nancy who have been certified as BBL teachers. Pictures below shows during the training session. This training has also certified and recognized Paul and Nancy as BBL Teacher Trainers in Thailand.

Implementation

From the first BBL TT, through Paul and Nancy young people were registered and taught BBL. Paul and Nancy are meeting with their BBL students every Saturdays. Every Thursday, Friday, Saturday and

Sunday, at 7:00PM, Nancy is teaching BBL to a young female Thai Accountant online. The Missionary couple are planning and hoping to teach more students online in the future. Their classes have been disturbed due to no proper place of teaching and covid-19 restrictions but students are still willing to learn and they are looking for another room.

FY20-21 BBL TT2

Date: 28 Nov 2020

On the 28th of November TBLT has facilitated second BBL TT. Nine (9) trainees have been trained and certified as BBL teachers by Paul and Nancy. Picture below showing the National Director of the Bible League Thailand and the BBL TT trainer (Missionary Paul) giving out BBL certificate to Pastor Ooy.

Implementation

In January 2021, Pastor Rujee, from Burirum province in the northeastern region of Thailand started her first BBL classes with 27 students divided into 3 classes of 9 students each. Picture below showing Pastor Rujee supervising BBL class. Being a Thai, Pastor Rujee can not speak and understand English well but

she has a big heart to reach young people with God Word through BBL. She expected more students.

In January 2021, our youngest BBL facilitator, Mr. Obey, who was trained by Paul and Nancy, organized BBL class with 10 students at his target area at Lao Krang Church, Roi Et province in the North East region of Thailand.

The follow is what Obey wrote after his first BBL class.

“Thank you God for today's teaching. I thought there will only be four students, but today one of my students brought his friends to join the class and they were very interested in learning English. Now, 8 students have confirmed to come every week.”

On the 1st of February, this was what Obey wrote to us.

“The students are doing very well even though some of them are new to English. They are quite shy to speak English right now, so I try to blend between reading using the Reader book and a group conversation with some games. Overall they are progressing very quickly in reading and comprehension English.

The best thing is that almost all of the students came to church on Sunday for the last two weeks. It's amazing how God is working in their lives. On last Saturday one of the student's parent reported to us that her son has changed in a good way. She told us that her son spent less time playing phone but was eager to come on Saturday and Sunday to learn English.”

TWO (2) SOULS ACCEPTED JESUS THROUGH BBL

On Sunday, 07th of February, two young BBL students of Mr. Obey came to Church and they have opened their hearts to the Lord and accepted Jesus Christ. All of Mr. Obey's students followed him to Church because they like to learn and speak English. Obey teach English every Saturdays and Sundays afternoons.

Summary

- From November 2020 to January 2021, 43 students have been enrolled and taught BBL. Most of these students are children and youths and few young adults.
- 17 BBL teachers trained. Only 4 out of 17 are actively involving in teaching BBL.

Prayer Point

1. Pray for Pastor Rujee and Mr. Obey and their BBL students that through their BBL classes more students from the surrounding Buddhist communities would be attracted to their classes.
2. Pray for Missionary Paul and Nancy to find a suitable room to continue their BBL classes. Pray that they will have more students signing up for their BBL online classes.
3. Pray for Nimbine's Education as Paul and Nancy are searching for an affordable school to enroll her in April.
4. Pray for Mondo's Missionary family housing need. They have no proper house to settle in for a long term ministry in Thailand.
